INDEPENDENT AUDITOR'S REPORT

To,
The Vice Chancellor,
Dr. Babasaheb Ambedkar Marathwada University,
Aurangabad.

Report on the Financial Statements

We have audited the accompanying financial statements of Dr. Babasaheb Ambedkar Marathwada University which comprise the Balance Sheet as at March 31, 2024, the Statement of Income and Expenditure and the Statement of Receipt and Payment for the year the ended, and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements that give a True and fair view of the financial position, financial performance of the University in accordance with the Accounting Standard, Rules and Regulation as per the Maharashtra Universities Act, 2016. This responsibility includes the design, implementation and Maintenance of internal control relevant to the preparation and fair presentation of the financial statements that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

FAT FAMOR

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the

Page 1 of 4

assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments; the auditor considers internal control relevant to the preparation and fair presentation of the financial Statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis of Qualified Opinion:

- 1. Depreciation is charged amounting Rs. 7,66,88,629/- during the year 2023-24.
- 2. In publication department old forms and prospectus were observed the same needs to be disposed off as per the procedure.
- 3. It is suggested that integrated software for dead stock and consumables management should be developed at the University level wherein all the departments of the University can view, access, and operate on the areas and items relevant to the concerned department. The software should primarily be capable of accounting transactions of the relevant department. In addition to that it should also capture the information for bank reconciliation, dead stock and inventory.
- 4. Dead stock items which have been identified as unusable or as scrap should be taken up for writing off from the books of accounts.
- 5. It is suggested that an information technology security and system audit of all departments and of the University as a whole should be conducted at regular intervals of time.
- 6. As per the Maharashtra Universities Account Code there should be a centralized purchase store unit and physical verification unit. It is suggested that said units be formed.
- 7. Bank reconciliation has been done by third party for the financial year 2023-24. We have relied on such third party reconciliation for the closing balances of banks, which have been certified and included by the management in the financial statements. There are certain differences in the closing balances of some bank accounts as per books and as per bank statements which need to be reconciled.
- 8. As per Section 134 of The Maharashtra Public Universities Act 2016, the University was to prepare and maintain accounts under accrual basis of accounting and not cash basis. Accordingly, the University had appointed M/s. VNV and Company, Chartered Accountants (the firm) and had availed their expertise for conversion to mercantile system of accounting and got it's accounts restated as on 1st April 2022 for arriving at opening balances as per accrual system. Furthermore, the firm was required to prepared the financial statements for the year

ended on 31st March 2023 and 31st March 2024. The firm has prepared the financial statements by combining the existing cash system of accounting with year end adjustments to satisfy the requirement of mercantile system of accounting based on information collaborated by them. As represented to us, the accounts have been prepared by the data as submitted and provided by the departments to the firm. The accounting records and data have not been captured in the accounting system by following the mercantile system of accounting throughout the year and the financial statements have been prepared by following a hybrid system as mentioned above. This leaves scope for discrepancies in the financial statements due to errors of omission, commission and transposition, impact of which we can not quantify as on date of our report.

- 9. It is suggested that the University acquires and implements an integrated software wherein all the data is captured and which provides all the accounting and non-accounting reports easily for better control under accrual system of accounting. The current accounting system is not on the line with accrual system of accounting.
- 10. It is suggested that the staff is given training at regular intervals to update them about the latest developments in the accounting standards, policies and methodologies as notified by the Accounting Standard Board and State Government.
- 11. As per Govt. of Maharashtra (Higher & Technical Education) Circular dated 17.12.2016 regarding cashless Maharashtra & U.G.C. Letter regarding Vittiya Saksharata Abhiyan (VISAKA) that Dr. BAMU Campus Should be cashless. The University has implemented the same to great extent, but, still there are few instances wherein fees was accepted by cash instead of digital mode.
- 12. It is observed that still there are certain old balances (of assets and liabilities) which are being carried forward since many years with no change in them. As informed details of these balance are being tracked and if found not to be traceable, they will be considered for writing off from the books of accounts. Until the reconciliation is not completed, effect of these balances on the financial statements cannot be quantified and commented upon.

Qualified Opinion:

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) In the case of the Balance Sheet, of the state of affairs of the University as at March 31, 2024.
- (b) In the case of the Income and Expenditure, of the income for the year ended on that date

Page 3 57 4

(c) In the case of the Receipt and Payment, of the Receipt and Payment for the year ended on that date.
