## **Punyashlok Ahilyadevi Holkar Solapur University, Solapur**

### **Message From Hon'ble Vice-Chancellor**

I was appointed as the fourth Vice-Chancellor of Punyashlok Ahilyadevi Holkar Solapur University, Solapur, the only university in the whole country established for a district in 2004. I am also honored to be the first woman Vice-Chancellor of this university. I am fortunate to have been able to work and contribute through this university for the last four years to Solapur, known as the city of history and martyrs. Education is the only thing that takes everyone forward. The progress of a society, state and nation depends on education and higher education departments and universities play a big role in it. While serving as the Vice-Chancellor of this university, I am happy to be able to contribute to the last rung of the society.

Punyashlok Ahilyadevi Holkar Solapur University has taken a big leap in the field of higher education today. It is a matter of pride that this university is frequently mentioned among the reputed universities in the state. The university, which has emerged as a digital university, is paperless and the affairs of the finance and accounting department have become cashless. After taking over responsibility as the Vice-Chancellor, I continued to work with a focus on student-centred work; as a result, more than 132 skill courses have been newly introduced in the university today. It has benefited the students as well as the other sections of the society.

A lot has been done over the last year. In this endeavour, His Excellency the Chancellor and Governor, Hon'ble Chief Minister, Hon'ble Minister of Higher and Technical Education, all the representatives of the people of Solapur district along with the officers and employees of the education sector as well as Principals, Professors, Teachers, employees, students and citizens of Solapur district extended great support. It was the cooperation of all of them that gave me the opportunity to realize a dedicated Performance. I once again thank you all for enduring support and cooperation.

### **National Education Policy - Initiatives taken for the implementation of 2020**

Employment-oriented education needs to be imparted to the students as mentioned in the National Education Policy. In this connection, changes have been made in all the courses in the School. In the final semester, students are required to complete an internship or study a project of 100 marks. NEP-2020 places special emphasis on interdisciplinary education instead of traditional teaching methods. Accordingly, Open Elective Paper has been included in the syllabus of the school. This allows students in one course to take two papers in two semesters of any other course. Various competitions as well as special lectures are being organized by the School to enhance the quality of education.
