Retrospection

It is a great pleasure to present the 59th Annual Report of Shivaji University. After the outbreak of the Covid-19 Pandemic, all the sectors were disrupted. The Pandemic also had a far-reaching impact on the universities. The effect of the Pandemic was felt on many tasks related to teaching, learning and evaluation. It is a matter of happiness that the University is overcoming from the problems caused during the period of Pandemic. The number of degrees awarded by the University in this year is 62,360, of which girls have a significant number of 32,520. These graduates also include 19 international students; and for the first time two international students have received Ph. D. degree.

Since its inception, the University has worked with a sense of social responsibility. The University is now entering in its diamond jubilee year. At this stage, the success of the University in many fields has become a matter of appreciation. The University has received ‘A++’ rating with a CGPA score of 3.52 from NAAC (Bangalore) in the fourth cycle of accreditation. Moreover, ‘Shivaji University Research and Development Foundation’ has been recognized as a Section-8 Company by the Union Ministry of Corporate Affairs. 48 scientists and researchers of the University were included in the ranking of ‘World Scientist and University Ranking- 2021’ evaluated according to America’s ‘Alper Dodger’ and ‘A.D. Scientific Index’. In the assessment of Indian universities regarding national level research, Shivaji University has ‘H’ index of 120 and a total of 6276 published research papers with 120,933 citations. As a result, the research rating of Shivaji University has been raised in the country. About 32 Intellectual Property Rights (Patents) in various disciplines have been acquired by the University. Nine researchers from the University have been ranked among the top two percent of global researchers analyzed by Stanford University in the United States. It is proposed to introduce four new online courses - MBA, M.Com., M.Sc. (Mathematics) and M.Sc. (Computer Science) – for the working students or the students who cannot come into the regular educational system due to certain reasons.

The Department of Higher and Technical Education, Government of Maharashtra has approved a substantial fund of Rs. 3 Crores to establish a new chair of Lokanete Balasaheb Desai in Shivaji University. During the year, University established three new centres, for the study and conservation of Folk Arts, ‘Rajarshi Shahu Folk Vidya and Folk Culture Study Centre’; to study changing climate and its effects on the environment, ‘Centre for Climate Change and Sustainability Studies’; and to provide free counselling services to citizens ‘Social Clinic’ in the Department of Sociology.

In memory of the late poet and writer Satish Kalsekar, his family donated a fund of Rs.7 Lakhs and his entire collection of books to the University, which is invaluable. These books have enriched our library. Moreover, poetry awards have been started in the name of Satish Kalsekar and Rutwik Kalsekar by the University from the interest of this fund. Two writers from the university have received prestigious literary awards – Superintendent Kiran Gurav’s story collection *Baluchya Avasthantarachi Diary* won the Sahitya Akademi’s highest award at the national level; and Dr. Audumbar Sarwade’s book *Bolididnyan* (Dialectology) received the Maharashtra Government’s ‘Narhar Kurundkar’ award.

Shivaji University is moving forward with five principles – internationalization of higher education; industrialization through research; innovative and original research; quality education and envisioning the future; and skill oriented curriculum. In this year, the University has celebrated “Marathi Bhasha Samvardhan Pandharwada” and “Marathi Bhasha Gaurav Din” with great enthusiasm and by conducting various activities. It includes interaction with Sahitya Akademi award winning authors, lecture series, literary discussion, poets meet and Dr. M. S. Patil Critics Award distribution ceremony.

In this year too, the athletes of the university have performed brilliantly in various. In the All India Inter-University Competition, the university has won three gold medals and one bronze medal in Swimming and two bronze medals in Fencing. Athletes of the University have qualified for the second ‘Khelo India’ competition in Boxing, Yoga, Athletics, Swimming, Weightlifting and Fencing. The University has decided to take some measures for the development of Sports. A special policy has been designed to increase the participation of University athletes at international and Olympic level. A policy has also been formulated to promote adventure and adventure sports.

Shivaji University also conducted many special programs under the Central Government initiative ‘Azadi Ka Amritmahotsav’, which is being celebrated on the occasion of the 75th anniversary of Indian Independence, such as Swachh Bharat, Make in India, Skill India, Start-up India and Digital India. ‘National Science Week’ was celebrated under the DST- STUTI Scheme. As part of this initiative to increase the interest in science, about 700 school students were shown various experiments in the science and technology departments in the University premises. At the same time, the University has taken the lead in implementing the ‘National Education Policy-2020’. Accordingly, to create public awareness, seminars and meetings of stakeholders, working in different fields including educational sector, were organized in the affiliated colleges of the University. The ‘Jalayukt Vidyapeeth Yojana’ of the University has now become a subject of national level discussion and appreciation as through this scheme the University has become completely self-sufficient in terms of water. We have started Miyawaki forest plantation at the selected places in the University premises and accordingly about 1100 saplings have been planted in it. Besides, the development of ‘Krantivana’ in the University has also been taken up.

In this reporting year, the University is progressing by achieving success in various fields. We are handing over this report which takes a detailed review of all the activities. I am thankful to all the contributors of this report.

Prof. (Dr.) D. T. Shirke
Vice-Chancellor

Prof. (Dr.) P. S. Patil
Pro-Vice-Chancellor

Chairman of Board of Deans: Pro-Vice-Chancellor's Divulgence

It is my pleasure to present 59th Annual Report of Shivaji University. In this reporting year, the University is moving towards its diamond jubilee year. The jurisdiction of Shivaji University is spread over three districts – Kolhapur, Satara, and Sangli and the number of affiliated colleges is 277. Moreover, 16 research institutes are affiliated to the University. Besides, the number of autonomous colleges is 17, out of them 6 colleges have got 'A+' grade and 11 colleges have got 'A' grade from NAAC. The University has continued its progress by performing brilliantly in all the faculties.

Since its inception, Shivaji University has been conscious of its social commitment. The University has contributed immensely to the higher educational development of South Maharashtra in the last 60 years. In the fourth accreditation cycle conducted by NAAC (Bangalore), the University has received 'A+' grade with CGPA score of 3.52. In the QS-BRICS University Rankings 2020 for BRICS countries, the University has been ranked in the 251-260 band; and ranked second in the Indian rankings in terms of 'citations per paper'; and seventeenth in the country in terms of 'papers per researcher'. The position of the university in NIRF Ranking 2021 also remains in the 101-150 band. A total of 48 scientists and researchers in the University have been included in the ranking of 'World Scientist and University Ranking 2021' analyzed according to America's 'Alper Dodger' and 'A. D. Scientific Index'. Similarly, nine researchers from Shivaji University have been ranked among the top 2% of global researchers analyzed by Stanford University, which is a matter of great pride for all of us. During the reporting year, the University Merit Scholarship of Rs. 30 Lakhs 65 thousands is disbursed to 461 students from the University Funds. Under the scheme of Aid to Financially Weaker Colleges the University has disbursed the funds of Rs. Rs. 25 Lakhs; and under the Lead College Scheme the fund of Rs. 79 lakhs have been disbursed to the affiliated lead colleges.

As the teachers of various departments are constantly striving in research work, the sufficient funds were made available by the financial apex institutions of India like DST-FIST, DST-SERB, DST-INSPIRE, DST-STUTI, ERASMUS PLUS, along with Mahatma Gandhi National Board of Rural Education, Directorate of Finance and Statistics and District Planning Committee, Kolhapur for the research and development.

Research Initiation Scheme, Research Strengthening Scheme, and Research Grant to College Teacher's Scheme are being implemented from the University funds in order to create interest and curiosity in research among

the teachers in the University and the colleges. Under the said schemes, funds of Rs. 3, 00,000/- was provided for the project under the Faculty of Science and Technology; and the funds up to Rs. 2, 00,000/- was provided for the project under the Faculty of Humanities, Inter-disciplinary Faculty and Faculty of Commerce and Management.

The significant activities related to arts, sports and social sectors were successfully conducted. The brilliant performance of the students of Shivaji University in these fields has raised the reputation of the University at the national and international level.

An account of the activities of the University during the year is reflected in this report. Many components of the University are working to prepare this report. Thanks to all of them!

A Word from Annual Report Sub-Committee Chairman

It gives me a great pleasure to present the 59th Annual Report of Shivaji University. In the presented report, one can have a review of the University's activities conducted at all levels during the academic years 2021-2022. All the components of the University have worked tirelessly to rearrange the disturbed systems, due to the outbreak of Covid-19 Pandemic. The result of the painstaking efforts can be perceived through this report. The Schemes of the University and University's different Study Centres and Chairs are the testimonies of the social responsibility shouldered since its inception. A review of all the activities at different levels is included in this report.

The University has accredited with 'A+' grading in the fourth cycle of re-accreditation by NAAC. It is noted in the report that the professors of the University have taken the lead in research works of the national and international relevance. The University promptly participates in all the Government initiatives and the schemes of University Grants Commission. As a result the development of the University has gained a speed. Shivaji University works especially for students from the rural parts of the State. In this regard, the success achieved in all fields is more visible.

During the last year, the University has gained a significant success in the research which is reflected in the elevated ranking of the University in the national level accreditations. The report has taken the note of the progress made by the university in the research, academic, social, cultural and sports fields.

During the last year, the university has received substantial funds from various organizations and governments. New Study Centres and Chairs were established from this fund. The students of the University are leading in all fields like research, social, cultural and literature and won many prestigious awards.

The professors of various departments are busy with their research works and also have received the approvals for funding for their projects from different national and state agencies; and few of them have also received the Patents. The research articles published by the teachers at National and International level bring pride to the University.

I am very thankful to Hon'ble Vice-Chancellor, Hon'ble Pro-Vice-Chancellor, Hon'ble Registrar, all the members of the Management Council, Officers, Heads of Departments and all the Principals for their kind help and guidance to prepare this report.

I am thankful to the officials of Seminar Section and the University Press for the collection of information, DTP and Printing of the report in time. I am also thankful to all known and unknowns, who directly and indirectly helped to prepare this report.

11. Reports of the Administrative Departments

Introduction:

Quality Assurance in higher education is very important issue, especially in connection to the similarities observed in the educational development in developing countries. As per the suggestions of 'National Policy on Education' (NPE, 1986) and the article 12 (ccc) of University Grants Commission Act 1956, the National Assessment and Accreditation Council (NAAC) was established in 1994, with its Head Quarter in Bangalore.

Keeping in mind the necessity of improvement in the quality of higher education and to face the challenges raised by the entry of the Foreign Universities in India, Shivaji University had established NAAC Cell in 2002.

NAAC has advised to all the universities and affiliated colleges to establish Internal Quality Assurance Cell (IQAC) to plan and implement the policies related to the quality in teaching, learning and research. Accordingly Shivaji University had established IQAC; however the changes in the formation of IQAC committee were made as per the revised Manuals. As per the guidelines of NAAC, the periodical meetings of the Committee Members were conducted.

Shivaji University faced the first cycle of accreditation in 2004, the second reaccreditation in 2009, the third cycle of accreditation was in 2014, and the fourth cycle was faced in 2021. Accordingly, Shivaji University has obtained 'B+' (2004), 'B' (2009), 'A' (2014) and 'A++' Grade (2021).

The particulars of the cycles of accreditations/reaccreditation of affiliated colleges are as follows:

	A++	A+	A	B++	B+	B	C++	C+	C
I st Cycle	0	2	16	18	27	48	32	12	15
II nd Cycle	0	1	20	1	5	91	0	0	4
III rd cycle	0	6	18	13	19	25	0	0	2

Internal Quality Assurance Cell (IQAC):

Every year, Internal Quality Assurance Cell prepares and submits Annual Quality Assurance Report (AQAR) of Shivaji University to NAAC, Bangalore. As per the guidelines of IQAC, the regular meetings of IQAC members were conducted to discuss various important aspects related to the quality in Higher Education along with planning, execution and objective evaluation was carried out.

The IQAC of Shivaji University is constantly in touch with all its affiliated colleges and institutions in order to encourage them to participate in the accreditation and reaccreditation cycles. The university also inform them the changing NAAC procedures and the evaluative criteria by organizing the seminars and workshops to Principals and Management authorities, through its different sections and departments. The university also communicate the government orders and notices for the NAAC accreditation to the affiliated colleges.

Many of the Principals, IQAC members, NAAC committees of affiliated colleges and the members of other Universities, regularly, visit the IQAC Documentation Centre of the University. During such visits, the officials and expertise of the University guide the visitors regarding the participation, preparation and presentation of documentation to the Peer Team of NAAC.

Various programs organized by Internal Quality Assurance Cell (IQAC):

1. Shivaji University has successfully completed ISO 9001-2015 Certification Surveillance Audit 2020 on 31st August, 2021.

2. Organized online National webinar on “Innovation and Entrepreneurship (EDII)” on 9th June, 2021.

4. Organized online webinar on “Research, Innovation and Ranking” on 9th August, 2021.
5. Organized online webinar on “Use of Technology in Education” on 10th August, 2021.

Lead College Scheme:

Most of the colleges affiliated to the Shivaji University are in rural area. In order to give an access of the information of the courses run at the Urban centres and to let them use the modern technology, the Lead College Scheme was initiated by the University in 2005.

Directive principles for the implementation of this scheme have been laid down and executed accordingly. Under this scheme, the Apex Committee has been established and its meetings are regularly conducted. The scheme organizes various activities for students, teachers, and non-teaching staff of the college.

In the academic year 2021-22, the 90 % of collected funds under Lead College Scheme was disbursed to the Lead Colleges to conduct the various activities. The particulars of disbursement are as follows:

11.8 Dr. Appasaheb Pawar Vidyarthi Bhavan “Earn and Learn” Scheme:

The “Earn & Learn” Scheme for the postgraduate students on the campus of Shivaji University, Kolhapur was instituted by the founder Vice-Chancellor of Shivaji University late Dr. Appasaheb Pawar in 1968. It was named as “Vidyarthi Bhavan” and afterwards renamed after the name of First Vice-chancellor. “Earn and Learn” Scheme is adopted on the campus to enhance the access of students from a disadvantaged communities, women, and economically weaker sections of the society.

The meritorious Students, enrolled in the various post-graduate courses of the University departments, but could not bear the educational expenses due to the weak economic conditions of the family were preferred to admit in the ‘Earn and Learn Scheme’. As per the rules, every year fifty boys and fifty girls students were admitted for this scheme on the basis of merit and other related criteria. “Dr. Appasaheb Pawar Vidyarthi Bhavan” has 54 rooms with the accommodation capacity of around one hundred students. Besides, at present, there is a separate hostel facility for girl students called Vidyarthini Bhavan.

The scheme is distinctive feature of the University, as it shoulders the social responsibility of the economically weaker section of the society by providing the accommodation, food and medical facilities free of cost, along with the substantial concession in tuition and exam fees. To compensate the expenses on the above, it is expected that every student should work for three hours per day at various departments, sections, study centres, and service/facility centres (Xerox centre, drinking water distribution plant etc.) of the University. The remuneration /honorarium of the work is credited to the Vidyarthi Bhavan’s various budget heads and utilized for the same. A total of sixty-nine students were admitted for the academic year 2021-2022.

“Work on Demand” is another scheme of the Vidyarthi Bhavan that provides work to any student of the campus who is willing to work and get some financial support for his educational expenses on the campus. Together, these schemes extend financial support to needy students. These schemes are introduced to prevent the student to dropout from the higher education due to their financial problems.

Number of Students and Classes:

The Scheme “Earn and Learn” is an administrative system only and it does not take any responsibility of teaching-learning process. It only provides free food and accommodation to the needy students. The particulars of the enrolled students are as follows:

1	Vidyarthi Bhavan	40 (Male Students)	69
2	Vidyarthini Bhavan	29 (Female Students)	

Teacher:

The Bhavan facilitates the Earn and Learn scheme for students of the various departments on the campus.

The University appoints Rector and Additional Rectors for the scheme. The following are the particulars of the appointed Rectors:

- 1 Dr.N. L. Tarwal Assistant Professor, Department of Physics Rector (Up to 30 Sept. 2022)
- 2 Shri. D. H. Bhadale Assistant Professor, Department of English Additional Rector | (Up to 30 Sept. 2022)

4. On 11th August 2022 Publication ceremony of the books “Anna Bhau Sathe Vikas Mahamandal and Matang Samaj” written by Dr. Uttam Sakat was held at Shivaji University under the chairmanship of Hon’ble Vice-Chancellor Dr. D. T. Shirke.

17.44 : SANT TUKARAM CHAIR

1. On 17th March, 2022 at 5.00 pm Sant Tukaram Chair, Shivaji University Kolhapur in association with Maharashtra State Board of Literature and Culture, Mumbai on the occasion of Sant Tukaram Beeja , 17 Volumes of *Medieval Marathi Jain Literature* edited by Dr. Gomteshwar Patil was published at the auspicious hands of Dr. Sadanand More. Hon’ble Vice-Chancellor of Dr. D. T. Shirke Presided over the book publication ceremony. On this occasion, Mr. Rajan Gavas, Prof. Mahaveer Kandarkar, Dr. Randhir Shinde, Mahaveer Shastri, Chair Coordinator Dr. Nandkumar More were present.

1. USIC provides services of repair and maintenance of instruments through its Mechanical, Electrical, Electrics, Air Conditioning and Carpentry Sections. Services are provided to University Departments and affiliated colleges along with outside institutes. Total 313 work orders have been completed during the report period and Rs. 2, 15, 666/- revenue have been generated.
2. The Annual Maintenance Contract (AMC) is provided for Air Conditioners, Refrigerators and Printers to various departments and sections of the University.

18. Solar Project Water Harvesting

18: 1 : Solar Project

Shivaji University has decided move away from fossil fuels and create a 100 percent renewable energy system to become self sufficient.

To power the campus with 100 percent renewable energy, university has objective to reduce its energy consumption, obtaining its electricity from renewable energy sources particularly Solar Energy and meeting its heating, cooling and other building energy needs with electricity.

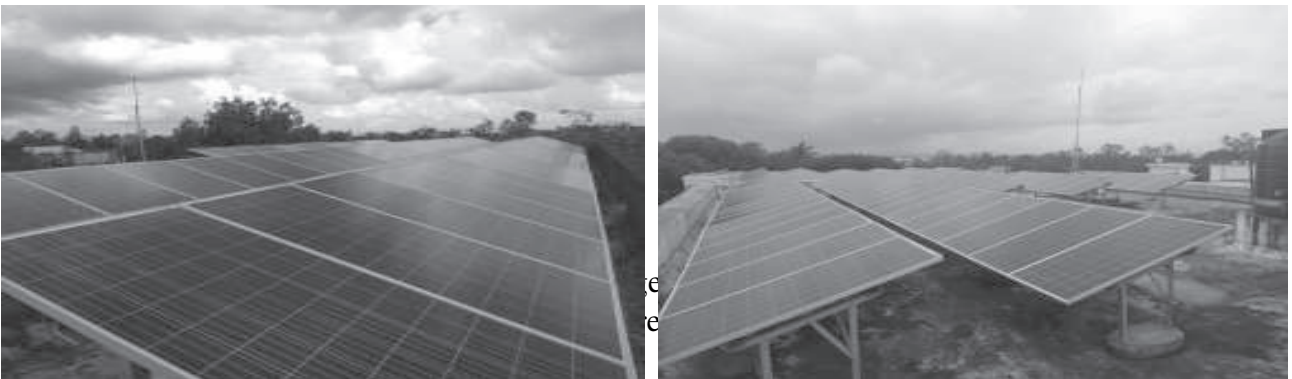

Shivaji University has enough renewable energy potential to power the University load. It is proved that high penetrations of renewable energy are possible using technologies available today at costs that university can afford, indicating that we can move toward an energy system powered by 100 percent renewable energy. University campuses are great places to accelerate the transition to 100 percent renewable energy.

As a first step of green initiative, Shivaji University has installed 180kW capacity Roof top grid connected Solar power plant (i.e. 100 kW capacity at Main Administrative Building and 80kW capacity at Chemistry Building) on its campus for captive power consumption under Rashtriya Uchchatar Shiksha Abhiyan (RUSA). The system was commissioned in the year 2018. For the period of July, 2021 to June, 2022, the 80 kW system has generated 90,994 units and 100 kW system has generated 1,39,523 units of green energy. Thus the total 180 kW system has contributed approximately 13.11% of renewable energy of its total power demand of 17,57,862 units (i.e. for the period of July, 2021 to June, 2022). This indirectly resulted into reduction of CO2 emission which would otherwise generated for the equivalent power generation from the conventional power plant.

Chapter 18: 2

WATERSHED DEVELOPMENT ON CAMPUS

Shivaji University is a premier higher education Centre of Southern Maharashtra with 853 acres of land. Shivaji University was established on 18th November 1962. With its high values and standards in providing higher education and socio-cultural contributions, it's not surprising that the University has achieved the “A++” Accredited by NAAC(2021) With CGPA 3.52’ grade in accreditation from NAAC, Bengaluru and has ranked 28th in the Country in the NIRF ranking declared by Ministry of Human Resource Development.

With having the sprawling area of 853 acres of the University, since its inception, the leaders of the University had always strived and tried for beautification and biodiversity maintenance over the campus. The huge attractive circular garden in front of the Main Administrative Building, with the Statue of the great Maratha Warrior Chhatrapati Shivaji Maharaj has become the all-time center of attraction and inspiration for students and visitors as well.

Previously, it was much possible to maintain the need of water for various departments and garden from the lone bigger source Rajaram lake situated on campus but owned by Irrigation Department, Govt. of Maharashtra. But, with the increasing number of departments, students, staff and other development of campus, their arose the need to create more sources of water.

How it all started?

Apart from water from Rajaram lake, another two wells were the source of water on campus. But, these sources were insufficient to fulfill the needs of campus. The campus is having five boys’ and five girls’ hostels with capacity of nearly 3500 students, which always are at their full capacity. Campus has 140 staff quarters with nearly 100 families residing over along with 45 academic departments. Well-equipped laboratories at science departments also need good quality of ample water. Apart from these, the well-developed garden is spread across 37 hectares.

The daily need of potable water is five lakhs liters and non-potable water is six lakhs liters, which use to cost nearly Rs. Seven lakhs per month. To reduce expenses on water, to develop water sustainable campus, University started water conservation and rain water harvesting projects.

In 2002-03, University started the creation of lake at the backside of V.S. Khandekar Bhasha Bhavan, which was completed in 2005 with the capacity of 8.53 million cubic ft. University spent seventy lakhs rupees for construction of this earthen storage reservoir.

In 2005, major steps were taken towards rainwater harvesting at all buildings on campus. Mainly, rainwater from the rooftop of the building was collected in the tank nearby and is lifted for the day-to-day use in rainy season. Along with this, another one site was identified for new earthen storage reservoir. A small and beautiful lake was created using its natural geographical structure near department of Music and Dramatics with the capacity of 2.83 million cubic ft and with the expenditure of just Rs. 24,59,100/-. The construction of this earthen storage reservoir was completed in 2006. Filter house to convert the well water into potable water was constructed near Library building and University started to use these conserved resources of the self filtered water for major part of the year.

In 2013, to fulfill the increasing need of water, a well of nearly 100 ft diameter and of 80 ft depth was excavated near department of Sports on the downstream side of reservoir near Music and Dramatics Department. In addition to this, another well was constructed in 2014, to fulfill the needs of Lead Botanical Garden developed by the department of Botany.

However, in 2015-16 not all these could fulfill the requirement of the campus.

Necessity to do more...

With all above efforts during last decade, University campus became much self-reliant restricting the need to purchase potable water from Kolhapur Municipal Corporation only during two or three months of summer. But, due to scanty rainfall during the year 2015-16, this region had to face a never before draught situation with scarcity of water. The University campus was obviously no exception, and compelled to reschedule and complete the academic and examination time tables a month before i.e. before 15th of April.

Considering the gravity of the water scarcity on campus and reviewing the situation, then Vice Chancellor of the University expressed the need of more attempts to store more water and more projects for it. Director, BCUD, Registrar, DSW, NSS and Dy. Registrar (Civil) and Director, Department of Sports played instrumental role in bringing the dream to reality.

What was done?

The work for water conservation, as desired by the Hon Vice Chancellor was started in April 2016. It was done on four different levels under the under surveillance of the Registrar with team from Engineering section headed by Deputy Registrar (Civil) and NSS headed by Director. Those levels were i) Creation of Farm ponds, ii) De-sedimentation and rejuvenation of wells, iii) Creation and renovation of trenches all over the campus and iv) Recycling of water.

Creation of Farm ponds:

Creating water reservoirs apart from the current ones was the need of hour. Hence, the location near Sutar well was identified for creating new farm ponds due to its low-lying geographical structure. The flowing water, possibly every drop, was decided to collect at these ponds. Unlike the routine practice of creating those farm ponds using plastic sheets, here it was decided to avoid the use of plastic.

It was decided to create 3 ponds to avoid pressure of flowing water. Recognizing the importance of the work undertaken by the University Shivaji University Physical Directors Association came forward with assistance of JCB machine for two days. They developed the one farm pond. Another pond was created with the help of University tractor and NSS volunteers. Engineering Section of the University developed third pond. These ponds are created in such a way that they are filled one after another and are connected to each other by trenches. The reservoirs have total capacity of 40 lakh liters with each capacity of five lakh liters, 10 lakh liters and 25 lakh liters respectively. The total expenditure for this project was Rs.1,25,000/-. It was proposed to develop and to bring in use rest two wells in the coming year.

De-sedimentation and rejuvenation of wells:

With its continuous efforts of rain harvesting, University campus has created eight wells. Out of them, six wells are old and the University uses one called Sutar well in rainy season for potable water. One well is used by Botany Department to maintain their Lead Botanical Garden. In addition, four wells were not used at all. Two wells were created in 2014 two meet the water requirement and one of them is used for boys hostel and another is used for Botany Department. University decided to bring two out of four unutilized wells to bring in use this year. The well near Synthetic Track and another near Sutar well, were sediment completely containing very less water. It was decided to remove their sediment completely and to rejuvenate them, as they were having the underground water resources. Nearly 60 ft and 30 ft sludge was removed from them to open all the water resources beneath it. During summer itself, water from few sources started to come out in wells. Though, quantity of water was small, it was a success.

After de-sedimentation those wells were constructed with compound wall to avoid any mishap. The total cost of de-sedimentation and construction is nearly Rs. six lakhs.

Creation of trenches all over the campus:

On the backdrop of severe drought situation, it was decided to save a single droplet of water on the campus. For that, few trenches were created to carry the water towards various reservoirs on the campus. The Civil Engineering Section created Trenches of total length of 2.5 km without disturbing natural directions of water flow. Those included the trench from Chemistry to backs side of Botany Department (390 mtr), Statistics Department to Bhasha Bhavan Department (510 mtr), Boys Hostel (West side) to Sutar well (300 mtr), Electric substation to Printing Press (Rejuvenation of 200 mtr). Also, four trenches of 315 mtr each were created from the west side of Synthetic Track towards Bhasha Bhavan lake (Total of 1260 mtr). The cost of creating trenches is Rs.50,000/-.

Shivaji University, Kolhapur as a part of its mission of Rain Water Harvesting, before onset of the monsoon in 2020-2021 year has taken drive / steps to make :

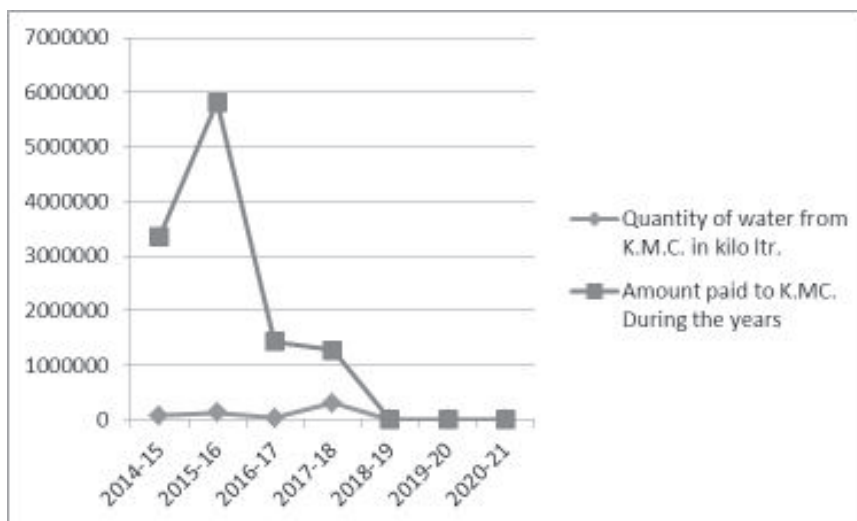

- 1. Excavation of Rain Water Harvesting pits** – University with the help of social forestry department has developed seven water harvesting pits of size 18 mtr. X 18 mtr. X 3 mtr. by creating facility to store / catch Rain Water approx. about 65 lakhs litres on the campus.
- 2. De-silting of tanks to increase the storage capacity** – University has also taken a drive of de-silting and excavating in the earthen reservoir behind Music and Dramatics Department almost increasing the capacity by 50 lakhs litres.
- 3. Removal of obstructions in the feeder channel** – Further as per routine pre monsoon activities University has also takes the work of de-silting and removing the obstructions in the feeder channels bringing water to the two reservoirs behind Language Building and Music and Dramatics Department by enhancing the capacity to store additional water.

OPTIMIZATION OF WATER RESOURCES AND WASTEWATER REUSE ON CAMPUS :

University with its filtration plant supplied the preliminary treated water through the water lines laid in the campus long back nearly about 40 years ago. The water supply lines laid long ago were found corroded and there were lot of leakages of water through the system. University authorities considering the quality of water to be supplied to residents and users by minimizing the water losses and thus meeting with the objective of sustainability decided to install R.O. water plant in University campus.

Shivaji University has installed R. O. Treatment plant five thousand liter per hour capacity on its campus. This has helped to provide pure water to the consumer and helped to reduce the wastage of potable water. By installing the R. O. Treatment plant and using its own water resources, University has saved almost Rs.2.5 lacks to 3.0 lacks per month.

Year	Quantity of water from K.M.C. in kilo liter.	Bill amount paid to K.M.C. During the years
2014-2015	78798	Rs.33,63,462/-
2015-2016	134975	Rs.58,22,084/-
2016-2017	32260	Rs.14,31,428/-
2017-2018	310761	Rs.12,76,100/-
2018-2019	0	Rs.0/-
2019-2020	0	Rs.0/-
2020-2021	0	Rs.0/-

It is observed from the above graph that, during the year 2015-2016 due to scanty rainfall almost throughout the year water was taken from outside sources. University has almost saved the expenditures on the purchase of potable water from outside the campus from year 2018-2019 by supplying quality water at doorstep of department and residential buildings. Thus minimizing the health related issues.

Waste water management:

Wastewater recycling is the best option of water saving. Underlining this fact, Shivaji University has established four recycling plants / grey water treatments units at various locations in the campus.

1. Recycling plant near women's hostel (60 thousand liter water is recycled per day).
2. At Panch Bunglow (50 thousand liter water is recycled per day).
3. Hostel of Department of Technology. (50 thousand liter water is recycled per day).
4. Newly constructed at Boys Hostel Campus (50 thousand liter water is recycled per day).

This recycled water is used for the garden and campus beautification through drip lines all over the gardens. The gardens of old and new library, Garden around Karmaveer Annabhau Patil statue, Garden of Humanities building and north circle garden is irrigated with the recycled water from plant near Ladies Hostel. The gardens in the area of Department of Technology are irrigated with the recycled water from their hostel.

The bio-digester of 9000-liter capacity designed by DRDO has been installed behind Main Administrative Building. This recycled water used for Coconut Garden behind Rajmata Jijausaheb Multipurpose Hall. As per routine practice all buildings are provided with septic tank and soak-pits.

The result:

The rain water harvesting has resulted into the containment of all water reservoirs on the campus to their fullest of capacity. The total 29.5 crore liter water stored on the campus. This includes Bhasha Bhavan lake (22.15 Crore ltr), Music department lake (5.20 crore ltr), Sutar well (4 lac ltr), sports department well (4.87 lac ltr), Chemistry department well (3 lac ltr), Sythetic track well (5 lac ltr), Shinde well (3 lac ltr) and newly formed farm ponds (40 lac

ltr). All the lakes and wells are overflowing with the attempts made by the University. The success is seen with a water with full capacity in Bhasha Bhavan lake after 2005.

The daily need of potable water in during year 2014-2015 to 2018-2019 ago was nearly about five lac liters per day, which costed nearly Rs. Six lac per month. To reduce expenses on water from K.M.C. and to develop self-sustainable Campus University started water conservation and rainwater harvesting projects.

The Benefits:

The first and foremost benefit is that the storage of nearly 29 cr. liters water is created on campus.

- From those reservoirs University uses 10 lac litres of water every day.
- Shivaji University has made sincere efforts in the area of water sustainability with available resources. With the help of students camps arranged by the D.S.W. section various works like annual cleaning of rain water channels is taken in hand which not only helps in economical annual maintenance but also students are also made aware of importance of water sustainability.
- Due to the various strategies implemented and completion of various works of water storage and use of ground water resources, the University has stopped billing to Kolhapur Municipal Corporation which was ranging between 3 to 5 lacs per month in the year 2014-2015 to Rs. Zero from 2018-2019 onwards. This has not only helped in financial budgeting but also it has helped in increase the water table level on University campus as well as area in the vicinity of the campus.
- Due to installation and operation of R.O. Plant the water demand has drastically dropped down from 5 lacs liters per day to 0.6 lacs liters per day for potability.
- The various wastewater treatment plants have helped to reduce the demand of water lifted from external sources like Rajaram tank inspite of increase the area of landscaping and botanical garden.
- This self sufficiency of water has not only helped the University from payment to Kolhapur Municipal Corporation but also substantially reduce the electricity charges towards pumping from external resources at greater distances.
- The University campus is getting best quality unpolluted water from its own resources as they are under constant surveillance by the University security departments as compared to the water quality of Rajaram Tank where there is no control on elements polluting the water body. The rejected water from R.O. Plant is given to the garden in the premises of Boys Hostel campus has helped in supplying good quality water for landscaping also.
- The University has used simple technology for recycling plant based on phytoid process developed by NEERI – National Environmental Engineering Research Institute, Nagpur which is relatively simple, easy to install and operate and also it does not require electricity.
- The construction of feeder channel to reservoir on the Continuous Contour Trenches have reduced soil erosion and helped to divert storm water runoff towards water storage reservoirs constructed on campus. Not only that, but these Continues Contour Trenches are helping to retain the majority of the quantity of rain water for use during non-monsoon period.

- During the floods in the year 2019 and 2021, the filter house and pumping station of Kolhapur Municipal Corporation were submerged in the flood water. The city was deprived of potable water and the emergency had been created. In such a scenario, University has supplied nearly about 76 to 80 lakhs liters of water in both the years to the Kolhapur Municipal Corporation for which varsity was felicitated by the corporation. Further University had received appreciation from various levels.
- With such a nice experience, the University will continue with its experiments of farm ponds and plantation creating more water reservoirs on campus, which benefits much with small expenditure.
- For next year, University is planning to create another two wells.

Due to all above efforts, the Shivaji University has become role model in water sustainability in the country.

10.1 GENERAL:

Allocation of funds for procurement of books and journals was as below during the year under report.

(A) UNIVERSITY FUNDS:

A provision of Rs. 2,50,00,000=00 from University Funds had been made for purchase of books and journals during the year 2021-22. Out of this fund, an amount of Rs. 2,34,00,000=00 for purchase of periodicals and Rs. 16,00,000=00 for purchase of books was available. From this fund, Rs. 2,14,06,391=00 spent for procurement of periodicals (print and online) and Databases and Rs.14,57,910=00 utilized for purchase of books.

10.2 LIBRARY COLLECTION:

(A) The library collection as on 31/03/2022 is as follows:

Books	E-Books	Bound Journals	Manuscripts Dissertations	Theses/	Reports	Braille Books	Total
2,79,024	1,088	37,113	9,163	11,784	7,050	590	3,45,812

(B) ADDITIONS DURING THE YEAR:

The number of books added to the Barr. B. K. Knowledge Resource Center by way of purchase from University Funds was 1050. The books purchased through Contingency Grants were 86 and by donation the numbers of books received were 255. During the year 2021-22 under report, total 1391 books were added to the library collection.

The facultywise split-up of purchased books/e-books is as follows:

(E) PERIODICALS SECTION:

The University Library subscribed to 19 foreign online e-journals and 15 Databases (American Mathematical Society, JSTOR Archive Journal & Primary Source, Institute of Physics, Academic Video Online, Proquest Dissertations & Theses Global, J-Gate Science and Technology, J-Gate Social Science and Humanities, Cambridge University Press, Taylor and Francis, Wiley, Emerald ESS Journals, APS All Package-Online Access, Oxford University Press, SciFinder Academic Unlimited Access Plan, Science Direct 7 Subject Collection) and 64 Indian print periodicals were subscribed during the year 2021-22. There were 39 print journals received on gratis. In addition to the above, there were 10 daily newspapers of Marathi, Hindi and English languages available for the readers.

(F) THESES – DISSERTATIONS & REPORT SECTION:

During the year 18 reports were added. Up to now 4425 Ph. D. Theses have been uploaded on the Shodhganga ETD portal of INFLIBNET center.

10.3 LIBRARY SERVICES TO READERS

A] CIRCULATION OF BOOKS AND JOURNALS:

The number of registered library users were 2644. In all, 20,666 books were issued and returned to users from Main Counter and Textbooks Section. 4 teachers from affiliated colleges and institutes availed services of the University Library. No books were borrowed from libraries outside Kolhapur through “Inter-Library Loan System” due to covid pandemic. “Open Access” facility is available to students in all the sections. A separate catalogue of “Translated” books was made available at Stack Section for references.

Unit - 37.7 : SUK Research and Development Foundation (SUKRDF) (a Section 8 Company of Shivaji University)

As a part of SUK's commitment towards carving Innovation Ecosystem, an incubation centre under the title "Shivaji University Centre for Innovation, Incubation and Linkages (SCIIL)" has been established. Under the umbrella of SCIIL, university started a Section 8 Company named SUK Research and Development Foundation (SUKRDF). The vision of SUKRDF is "to promote and realize product oriented innovative and executable ideas and concepts from students, faculties, and members of the society with a focus on enhancing the quality of life through entrepreneurship development and help them to realize the ideas into products, processes or services for the benefits of society as well as industry". The SUKRDF is funded by Maharashtra State Innovation Society (MSInS), Government of Maharashtra with seed grant of Rs.5 Cr. MSInS is a nodal government agency to boost innovation-driven entrepreneurial ecosystem in the state of Maharashtra established under Department of Skill Development and Entrepreneurship. It is committed to create an engaged atmosphere where start-ups can successfully plan, launch and grow their businesses from conception, enabling them to simultaneously extend into the marketplace and establish brand name by following ethical practices.

SUKRDF is contributing by way of Competitiveness, job creation, supporting SMEs with high growth potential, stimulating entrepreneurial spirit and innovation promotion. SUKRDF is also identifying, exploring and enhancing links between universities / colleges, research institutions and the business community. It contributes to the growth and success of emerging technology businesses, assessment of company's risk profile, transfer of knowledge and better leverage intellectual property from academia and research institutes.

Presently, SUKRDF is having 21 Incubates with various start-up ideas including Food, Health, Agriculture, Microbiology etc. The incubation centre has regular programmes like monthly lecture series "Start-up Sutra", Monthly Challenge, Orientation Programmes, workshops on start-up ecosystem on IPR, Seed money etc. Till now 3039 number of student's faculty and people from society are benefited from all these programs. The incubation centre has taken active part in the programs conducted by MSInS such as Boot Camp, Start-up Yatra 2022. 4. Other Important Activities

Research Projects:

The main objective of the centre is to address societal issues related with climate change through research projects. Recently, the Centre has received a research project entitled “IoT and Geoinformatics based Flood Monitoring and Prediction System” from DST SERB agency under SURE scheme of Rs. 28.5 lakh.

Internship Program:

The centre offers internship programs each year for PG students of on and off campus. Through this program, students can carry out research in thrust areas like Changes in rainfall pattern, Urban heat island, Climate Change, Flood prediction system, IoT based Sensor development, Meteorological data analysis, drought assessment, Landslide analysis etc. Interested teachers of our University will provide guidance during this program to enrolled students.

Workshops and Invited talk:

Each year, the centre organizes various workshops and invited talks to create sensitization among society.

Field work:

The centre also organizes field trips with eminent scholars to study local issues related with climate change.

Prototype Project:

Centre is also working on following prototype projects:

- Analyzing trend and forecasting of rainfall changes in South Western parts of Maharashtra using machine learning and Geoinformatics approach.
- Landslide susceptibility mapping using GIS-based statistical models and Remote sensing data.

The main administrative building was constructed...

The main administrative building of the university along with various buildings in the university premises were inaugurated in the year 1971 at the auspicious hands of Union Finance Minister and former Chief Minister of Maharashtra Yashwantrao Chavan. The then Chief Minister Vasanttrao Naik and Vasantdada Patil were present on this occasion.

As the campus flourished...

Shivaji University was built in stages at Sagarmala in Kolhapur.
A rare view of the area in 1974.

Gratitude to Chhatrapati Rajarshi Shahu Maharaj...

On behalf of Kolhapur District Administration,
under Rajarshi Shahu Smriti Shatabdi Gratitude Parv,
on 6th May, 2022, on the occasion of Rajarshi Chhatrapati
Shahu Maharaj's 100th death anniversary,
citizens were requested to observe 100 seconds of silence at exactly 10 am.
The Shivaji University family greeted this
Lokrajya by observing a collective silence.
